

clarity of vision

The only thing predictable about the weather is that it can and will exert an impact on your comfort and lifestyle.

When it comes to battling the heat and cold, energy efficient double glazing and low-e glass can offer significant savings by reducing expensive energy bills. When it comes to reducing carbon footprints and helping create a better environment, you cannot go past Trend® Windows & Doors Thermashield®.

Trend® Thermashield® means greater control, bigger savings, and most importantly, one less thing to worry about.

Thermashield® putting CLIMATE CONTROL together
